

UCO®150 Wheel Brite

Concentrated alkaline wheel cleaner, highly degradable.

UCO®150 Wheel Brite is a powerful alkaline (acid free) wheel and tire cleaner to efficiently remove brake dust and other dirt.

The alkaline solution has a similar cleaning effect to acid solutions. The highly biodegradable components make UCO®150 also suitable for use in washing centers with water recycling systems.

Application and dosage

UCO®150 Wheel Brite can be used for manual spraying and automatic dosing. Make sure EPDM seals are used in the pumps.

Dilute UCO®150 between 10 and 25% and let it react, do not let it dry. Rinse high pressure. Adapt the % and contact time depending on the level of dirt or desired result.

Storage and disposal

Store only in the original container in a cool, well-ventilated place. Keep the container closed when not in use. Dispose of safely in accordance with local/national regulations.

Safety instructions for the user

Keep out of reach of children. Minimize the risk of eye contact. In case of contact with eyes, rinse immediately with plenty of water. Consult a doctor if pain, blinking, or redness persists. Please consult the safety data sheet.
