

UCO®250 Starc

Powerful concentrated acid cleaner based on HF acid.

UCO®250 Starc cleans and renovates minerals from acid resistant surfaces. UCO®250 is highly suitable to remove inorganic dirt, rust particles, and other minerals from acid resistant surfaces such as rims and aluminum tanks. UCO®250 accelerates your washing process and has a low foaming capacity. Only for professional use.

Application and dosage

Dilute 5 to 20% depending on the degree of pollution. Spray from bottom to top, from left to right. Let the solution react for a short time. Do not let it dry out. Rinse high pressure with clean water. Brush only if needed.

Storage and disposal

Store only in the original container in a cool, well-ventilated place. Keep the container closed when not in use. Dispose of safely in accordance with local/national regulations.

Safety instructions for the user

Keep out of reach of children. Minimize the risk of eye contact. In case of contact with eyes, rinse immediately with plenty of water. Consult a doctor if pain, blinking, or redness persists. Please consult the safety data sheet.
