

UCO®335 PURO High Foam

High foaming soft shampoo, high degradable.

UCO®335 PURO High Foam is an ultra-concentrated pH neutral foam shampoo, highly biodegradable and with an intense Artic fragrance.

UCO®335 is designed as a high foam shampoo that will optimize the bacterial balance in your automatic carwash with water recycling system. With the proper knowledge and right settings this will increase the overall customer experience and decrease the downtime.

UCO®335 PURO High Foam is the foam shampoo recommended when the odor and clarity of the water needs to be optimized.

UCO®335 is highly suitable for the wall of foam application.

UCO®335 improves the overall customer experience.

Application and dosage

Automatic washing:

It's designed to use in combination with air-pressure and water to obtain optimal foam coverage.

10 to 20ml (0,1 – 0,2%) per vehicle is recommended in normal conditions.

Manual washing:

0,4-2% or 1/250 to 1/50 which means 1/25 to 1/5 in a foam gun.

This may need to increase, according to the desired foam quality. Rinse off with clear water. Afterwards apply polish, wax, or drying agent. Dry the car.

Storage and disposal

Store only in the original container in a cool, well-ventilated place. Keep the container closed when not in use. Dispose of safely in accordance with local/national regulations.

Safety instructions for the user

Keep out of reach of children. Minimize the risk of eye contact. In case of contact with eyes, rinse immediately with plenty of water. Consult a doctor if pain, blinking, or redness persists. Please consult the safety data sheet.
