

UCO®345 MAX Protect Shampoo

Ceramic foam shampoo

UCO®345 MAX Protect Shampoo is a high value Ceramic foaming shampoo with incredible hydrophobic characteristics.

The unique emulsion will provide the ideal gloss and super hydrophobic effect, creating a self-cleaning effect for over 1 month under normal conditions. It will protect your vehicle and enlarge the lifespan of your coating/sealant.

For manual detailing, this product will be highly recommended as the second step within a 2-step washing process.

Due to its unique gloss and water repellent ingredients, **UCO®345** can also be used as a polish step for automatic carwashes, including self-washes.

UCO®345 will cover the vehicle properly with foam and provide an easy to work with slide.

Application and dosage

Apply via foam gun or by use of a bucket. After applying, mechanical action is always preferred.

For automatic carwashes: 5-20ml/car.

For manual use with wash mitt: 0,5-1%.

For use via a foam gun: 1/10 - 1/20

Rinse the vehicle high pressure with clear water and then dry the vehicle.

Storage and disposal

Store only in the original container in a cool, well-ventilated place. Keep the container closed when not in use. Dispose of safely in accordance with local/national regulations.

Safety instructions for the user

Keep out of reach of children. Minimize the risk of eye contact. In case of contact with eyes, rinse immediately with plenty of water. Consult a doctor if pain, blinking, or redness persists. Please consult the safety data sheet.
