

UCO® 540 MAX Hydro Wax

Ceramic Protective gloss wax

UCO®540 MAX Hydro Wax is an innovative high value wax. Due to its unique composition, it provides a protective film over the entire vehicle. Making sure the vehicle is protected against various weather conditions and providing an optimal shine. Even with low dosage a superhydrophobic effect will be created, making the vehicle visually protected and more easy-to-clean afterwards.

High quality components are bounded on the surface, offering a durable shine and protection.

UCO®540 is highly degradable and suitable for use all types of washing centers and can be used as a foam wax as well. It is suitable for hard and soft water and water. Cold water is advised as heated water is not needed.

An enjoyable fruity fragrance is added to optimize the overall customer experience.
