

# UCO®230 PURO Brite

Concentrated acid cleaner

UCO®230 PURO Brite cleans minerals from acid resistant surfaces.

UCO®230 is highly suitable to remove inorganic dirt, rust, and other minerals from acid resistant surfaces.

UCO®230 is recommended for wheel cleaning in washing facilities with water recycling systems. UCO®230 PURO Brite can be used for more delicate surfaces such as Alcoa dura bright rims.

UCO®230 can be used for train washing in a 2-step system (combined with an alkaline).

## Application & dosage

Dilute 5 to 20% depending on the degree of pollution.

Spray from bottom to top, from left to right. Let the solution react for a short time. Do not let it dry out. Rinse high pressure with clean water.

Brush if needed.

## Storage and disposal

Store only in the original container in a cool, well-ventilated place. Keep the container closed when not in use. Dispose of safely in accordance with local/national regulations.

## Safety instructions for the user

Keep out of reach of children. Minimize the risk of eye contact. In case of contact with eyes, rinse immediately with plenty of water. Consult a doctor if pain, blinking, or redness persists. Please consult the safety data sheet.
