

UCO®950 Iron Off

Efficient wheel and fallout cleaner

UCO®950 Iron Off is a ready-to-use spray for removing iron and other contamination on rims and on the bodywork.

UCO®950 is mild (free of acid) and efficient at the same time. The pH neutral formula is safe to use on sensitive materials such as chrome and painted aluminum rims.

UCO®950 reactive components provide quick results. Innovative dispersing agents gently remove harsh ferrous deposits such as brake dust from surfaces.

UCO®950 Iron Off has great clinging characteristics to ensure a proper contact time which leads to better cleaning results.

UCO®950 includes an additive to optimize fragrance during the washing process.

Application and dosage

Apply UCO®950 Iron Off with a spray bottle. Let it react, don't let it dry. Then rinse off high pressure after 2-5min.

It's recommended to test compatibility prior to use.

Do not use in direct sunlight or on hot surfaces.

Storage and disposal

Store only in the original container in a cool, well-ventilated place. Keep the container closed when not in use. Dispose of safely in accordance with local/national regulations.

Safety instructions for the user

Keep out of reach of children. Minimize the risk of eye contact. In case of contact with eyes, rinse immediately with plenty of water. Consult a doctor if pain, blinking, or redness persists. Please consult the safety data sheet.
