

# UCO<sup>®</sup>500 Xpress Wax Lite

*Protective Gloss Wax*

## Definition

UCO<sup>®</sup>500 Xpress Wax Lite is a concentrated wax designed for self-wash and manual washing applications. The quality formula will provide a hydrophobic effect and protection to the vehicle's bodywork.

UCO<sup>®</sup>500 is suitable for hard and soft water. Cold water is advised as heated water is not needed.

An enjoyable fruity fragrance and light foaming are added to optimize the overall customer experience.

UCO<sup>®</sup>500 Xpress Wax Lite is free from hydrocarbons.

## Application and dosage

Automatic carwashes: 5 to 20 ml/car is recommended.

Foam gun: 1/10 – 1/25

Manual sprayer: 0.4 – 1 %.

| Physical state | Liquid                      |
| Color          | Orange                      |
| pH             | 4.5                         |
| Density        | 1.0 kg/L                    |
| Solubility     | Completely soluble in water |

## Storage & Disposal

Store in a dry, cool, and well-ventilated place (5 – 30 °C). Ensure a fire-safe environment. Do not expose to temperatures above 50 °C.

Store only in the original packaging. Do not open the packaging if not in use.

Opened packaging must be carefully sealed and stored upright to prevent leakage.

Dispose of empty packaging in accordance with local or national guidelines.

## Safety instructions

Avoid contact between acidic and alkaline products. Never mix with chlorine-containing products.

Always test the compatibility of the product on a small surface.

Contact your UCO<sup>®</sup>Group representative for a customized cleaning and disinfection plan tailored to your company's needs. Before use, please consult the safety data sheet for this product.
