

UCO[®]915 COMPLETE APC

Concentrated universal all-purpose cleaner

Definition

UCO[®]915 COMPLETE is a professional-grade, concentrated universal cleaner engineered for the rigorous demands of the motive and industrial sectors. It combines powerful degreasing properties with high-efficiency cleaning for both interior and exterior applications

Properties

UCO[®]915 COMPLETE is formulated to effectively emulsify grease, oil, and heavy soiling.

UCO[®]915 COMPLETE is engineered for safe application on diverse materials including plastics, PVC, glass, mirrors, and treated wood.

UCO[®]915 COMPLETE delivers a rapid, high-gloss finish without leaving residue or film.

UCO[®]915 COMPLETE has a concentrated formula which allows for flexible dilution, reducing storage requirements and cost-per-use.

Use & Dosage

Dosage: 0.5%-100% (depending on the degree of soiling).

Can be applied via pressure sprayers, manual bucket wash, or trigger sprays.

Rinse the cleaned surfaces if necessary.

Specifications

Physical state	Liquid
Color	Yellow
pH	11 (1%)
Density	1.02 kg/L
Solubility	Completely soluble in water

Storage & Disposal

Store in a dry, cool, and well-ventilated place (5-30 °C). Ensure a fire-safe environment. Do not expose to temperatures above 50 °C.

Store only in the original packaging. Do not open the packaging if not in use.

Opened packaging must be carefully sealed and stored upright to prevent leakage.

Dispose of empty packaging in accordance with local or national guidelines.

Safety instructions

Avoid contact between acidic and alkaline products. Never mix with chlorine-containing products.

Always test the compatibility of the product on a small surface.

Contact your UCO[®]Group representative for a customized cleaning and disinfection plan tailored to your company's needs.

Before use, please consult the safety data sheet for this product.
