

UCO[®]DERM 6 DIP

Essential skincare post-milking

Description

UCO[®]DERM 6 DIP is the essential teat care product.

UCO[®]DERM 6 DIP combines top tier skin care with barrier protection.

UCO[®]DERM 6 DIP excels at moisturizing, preventing cracking and sores.

UCO[®]DERM 6 DIP is a performant post-milking teat conditioner that ensures your cows have soft teat skin and teat ends and protects them against external hazards.

UCO[®]DERM 6 DIP is fast and easy to apply by using UCO[®]DERM teat dip cups.

Properties

Great coverage of teats by its premium barrier generation.

For dairy farmers looking for routine treatment and want to keep the teats and teat skin in good health, shielding the udder from undesired threats.

Product of choice for herds suffering from poor teat skin condition and are seeking to benefit from UCO[®]DERM 6 DIP's support to improve teat health for smoother and faster milking operations.

100% Iodine-free and CHLOR-free (absolutely no chlorine, chlorate, chlorine dioxide, chlorhexidine....).

Ideal solution for sustainable milking.

Part of the UCO[®]LIFE udder hygiene solutions concept.

Specifications

Physical state	Liquid
Color	Yellowish
pH	3.8
Density	1.00 kg/L

Instructions for use

Apply UCO[®]DERM 6 DIP on the teats or a clean UCO[®]DERM teat dip cup immediately after each milking. Make sure each teat is completely covered with UCO[®]DERM 6 DIP for at least 75% of its length.

Keep the cows standing after treatment for a sufficient amount of time.

Storage & Disposal

Store in a dry, cool, and well-ventilated place (5–30 °C). Do not expose to temperatures exceeding 50 °C.

Store only in the original packaging. Do not open the packaging if not in use. Opened packaging must be carefully sealed and stored upright to prevent leakage.

Dispose of empty packaging in accordance with local or national guidelines.

Safety Instructions

Primarily intended for professional, industrial, and agricultural use.

Avoid mixing acidic and alkaline products. Do not mix with chlorine-containing products.

Always test the product's compatibility on a small, inconspicuous area before full application.

Always consult the Safety Data Sheet for this product before use.

Consult with your UCO[®]LIFE consultant to establish the milking protocol your herd deserves.
