

UCO[®]FOAM CARGO90

Foam cleaner for tractor, truck and trailer

Description

UCO[®]FOAM CARGO90 is unique universal ultra concentrated foam cleaner.

UCO[®]FOAM CARGO90 is used for touchless cleaning of heavy contaminated trucks and vehicles, including agricultural vehicles, hatchery transport, meat transport....

UCO[®]FOAM CARGO90 is to be used when cleaning results need to meet the highest requirements in terms of:

- Removal of typical dirt found on vehicles: static road film, grease, bird droppings, insects...
- Water consumption (easy to rinse).
- Optimal cleaning performance (validated by ATP/contamination levels/...).

Properties

Specific foam technology for optimal covering and dirt dissolving.

Special anti-corrosion technology allows safe use on a wide range of materials when used according to the instructions for use.

Independent conformity certificate as a validation of its safety: VDA-k A class at A 2,5%.

Part of the UCO[®]LIFE biosecurity solution concept.

Instructions for use

Apply a 0.25-2% (cold water) UCO[®]FOAM CARGO90 by means of foam gun, foam lance or equivalent equipment.

Use 3% for specific insect removal.

Use 10-15% spray for rim cleaning and specific fat and grease removal.

Do not let dry out. Rinse the surfaces with water. Leave the surfaces to dry before to apply the UCO[®]DES disinfectant.

Specifications

Physical state	Liquid
Color	Clear, Yellow
pH	12
Density	1.15 kg/L

UCO[®]FOAM CARGO90

Foam cleaner for tractor, truck and trailer

Storage & Disposal

Store in a dry, cool, and well-ventilated place (5–30 °C). Do not expose to temperatures exceeding 50°C.

Store only in the original packaging. Do not open the packaging if not in use. Opened packaging must be carefully sealed and stored upright to prevent leakage.

Dispose of empty packaging in accordance with local or national guidelines.

Safety Instructions

Primarily intended for professional, industrial, and agricultural use.

Avoid contact between acidic and alkaline products. Never mix with chlorine-containing products!

Always test the compatibility of the product on a small surface.

Contact your UCO[®]Group representative for a customized cleaning and disinfection plan, specifically tailored to the needs of your business.

Before use, please consult the safety data sheet for this product.
