

UCO[®]FOAM EXTRA25

Power cleaner with unique regenerative technology

Description

UCO[®]FOAM EXTRA25 is a power cleaner with unique regenerative technology for easy and meticulous removal of heavier soiling in livestock.

UCO[®]FOAM EXTRA25 is particularly to be used in circumstances where the fat and protein deposits, commonly coating the surfaces, show too little response to the classic foam cleaners.

UCO[®]FOAM EXTRA25 is used for cleaning pig, poultry, cattle farms and all other livestock and agrarian industry facilities,

Properties

- Particular foam coverage when applying, combined with regenerative technology that keeps the action going.
- Unmatched adhesion power for superior cleaning.
- Contact time up to 60 minutes, boosting the cleaning performance.
- Removal of stubborn dirt.
- Part of the UCO[®]LIFE biosecurity solution concept.

Instructions for use

- Precleaning: remove litter, loose manure, feed and other residues prior to application of the UCO[®]FOAM EXTRA25.
- Apply a 1-3% (cold water) of UCO[®]FOAM EXTRA25 by means of foam gun, foam lance or equivalent equipment.
- UCO[®]FOAM EXTRA25 will loosen the dirt and degrease surfaces in a timeframe of 30-60 min and will continue its action, even after drying out.
- Rinse the surfaces with water medium (20/25 bar) -or high-pressure washer, depending on the level of contamination and surface specifications.
- Leave the surfaces to dry before applying the UCO[®]DES disinfectant.

Specifications

Physical state	Liquid
Color	Clear, Red
pH	12
Density	1.05 kg/L

Storage & Disposal

Store in a dry, cool, and well-ventilated place (5–30 °C). Do not expose to temperatures exceeding 50°C. Store only in the original packaging. Do not open the packaging if not in use. Opened packaging must be carefully sealed and stored upright to prevent leakage. Dispose of empty packaging in accordance with local or national guidelines.

Safety Instructions

Primarily intended for professional, industrial, and agricultural use. Avoid contact between acidic and alkaline products. Never mix with chlorine-containing products! Always test the compatibility of the product on a small surface.

Contact your UCO[®]Group representative for a customized cleaning and disinfection plan, specifically tailored to the needs of your business. Before use, please consult the safety data sheet for this product.
